Edge Shape:

Rectangle, no holes

Securing Device Type:

Hinge

End Application:

Air force satellite communicationsystem (afscs) ground equipment

Features Provided:

Handle for opening, lifting, closing, or the like

Criticality Code Justification:

Feat

Product Name:

Afsatcom door assembly, console

Special Features:

Hardness critical item

Nuclear Hardness Critical Feature:

Hardened

Fsc Application Data:

Lru console

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531n0
