Thread Direction:

Right-hand flange hole

Thread Length:

1.250 inches flange hole

Length:

0.60 inches

End Application:

6115-01-591-1161; generator, heating and air conditioner

Cross-sectional Shape:

Hexagon

Width Across Flats:

0.380 inches

Thread Qty Per Inch (tpi):

24 flange hole

Thread Size:

0.190 inches flange hole

Product Name:

Nut, breaker mtg

Right Projection Diameter:

0.380 inches

Right Projection Length:

0.650 inches

Material:

Plastic

Style Designator:

Projection one end

Thread Series Designator:

Unc flange hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A08900
