End Application:

Light emitting diode precision approach path ind. (led papi)

Product Name:

Mirror, angle

Special Features:

As required mirror film, reflectech mirror film; fab, mirror angle; finish: anodize per mil-a-8625, type ii, class 2, dyed black and sealed with nickel acetate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
