End Application:

An/ayk-6, inertial navigation set

General Description:

Matl qq-s-763, corrosion resistant steel, cl 303, condition a; surface treatment per mil-f-14072, finish no. E300 passivated; o/a dim. 0.250 in. Dia, 0.326 in. L; first end has 2 broken edges at 0.030 in. At 45 degrees and cutout w/ 0.1094 in. Hex. Diameter and 0.138 in. Dp; second end has circular hole 0.152 in. Diameter and 0.188 in. Dp; part of power supply of computer on fb-111 aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
