Cross Sectional Shape:

Flat

Width:

2.375 inches

Edge Shape:

Band type

Length:

3.203 inches

Body Thickness:

0.250 inches

Securing Device Type:

Hinge

End Application:

Computer, digital, tactical data

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
