Cross Sectional Shape:

Grooved retainer

Inside Diameter:

4.345 inches

Tempurature Rating:

Not rated

Retainer Thickness:

0.063 inches

Maximum Load Rating:

Not rated

Latch Style:

Single

Included Angle In Deg:

40.0

Nut Type:

Plain hexagon

Segment Quantity:

3

Sealing Inner Liner:

Not included

Retainer Width:

0.750 inches

Root Width:

0.207 inches

Band Thickness:

0.040 inches

Band Width:

0.750 inches

Material And Location:

Steel, mil-s-6721, comp ti segment

Drilled Lockwire Hole:

Not included

Height:

0.281 inches

Shape:

Round

Specification Data:

26512-gc550 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25400
