Width:

Between 4.906 inches and 4.969 inches

Edge Shape:

Rectangle, no holes

Length:

7.250 inches

Securing Device Type:

Hinge and turnlock fastener

Special Features:

Material: steel comp b1111

Material:

Steel

Surface Treatment:

Paint

Fsc Application Data:

Generator set, diesel engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
