g F
Nonmetallic Hardness Rating:
45.0 durometer and 55.0 durometer
Thread Size:
5/16-18 all threaded portions
Major Outside Diameter:
1.000 inches
Stud Length:
0.875 inches all threaded stud
Distance From Flange To End:
0.750 inches
Special Features:
Resilient materials: rubber, synthetic, mil-std-417, type s, class sc, grade sc515 a1b1c1e3f2 gk
Material:
Steel
Material Specification:
Sae 1017 or 1018 assn standard single material response
Surface Treatment:
Cadmium mounting flange plate
Surface Treatment Specification:
Qq-p-416, type 2, class 1 federal specification single treatment response mounting flange plate
Style Designator:
Round w/flange threaded stud
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A535s0
No Fiig:
