Thread Size:

1/4-20unc-2a all threaded portions

Major Outside Diameter:

1.000 inches

Stud Length:

0.500 inches all threaded stud

Distance From Flange To End:

0.750 inches

Special Features:

Resilient member material is neoprene

Material:

Stainless steel

Surface Treatment:

Cadmium

Style Designator:

Round w/flange threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0
