System For Which Designed:

Nonpressurized

Special Features:

Used to cap/cover the external wing tank disconnect on f-16 aircraft

Material:

Aluminum alloy

Material Specification:

Qq-a-205/4, t3 federal specification single material response

Supplementary Features:

O/a diameter 3.030, 0.125 thk with 3 fasteners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A083a0
