**End Application:**

High voltage assembly, e-3a acft

**General Description:**

Material is steel, qq-s-764, type 416, cond t; surface treatment is passivated, qq-p-35, type 2b; 7.890 inches , 7.900 inches , length; 1.120 inches largest diameter; 2 holes; 1 hole on each diameter end; 0.190-32unf-2b size of holes

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
