Cross Sectional Shape:

Grooved retainer

Inside Diameter:

9.108 inches

Groove Width:

0.400 inches

Retainer Thickness:

0.181 inches

End Application:

Airborne electronic warfare equipment

Segment Quantity:

2

Retainer Width:

1.560 inches

Surface Treatment And Location:

Passivated, qq-p-35

Product Name:

Coupling, y-band

Height:

0.281 inches

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
