Cross Sectional Shape:

Flat

Width:

5.062 inches

Edge Shape:

Rectangle, one center hole

Length:

6.375 inches

Corner Radius:

0.250 inches

Body Thickness:

0.062 inches

Securing Device Type:

Flush catch and hinge and special

Material:

Aluminum alloy 2024

Material Specification:

St0170lb0008, caged 43999 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
