Cross Sectional Shape:

Flat

Width:

28.000 inches

Edge Shape:

Rectangle, no holes

Length:

20.380 inches

Securing Device Type:

Special

End Application:

2330-00-089-3866 trailer, bolster: 4 tn, 4 whl, g p m796

Special Features:

Hasp weldment and chain w/clip provides securing device during closure.Chain w/clip is attached by weldment

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
