Thread Size:

0.138-32unc-2a all threaded portions

Stud Length:

0.465 inches first threaded stud

Distance From Flange To End:

0.200 inches

Special Features:

Operating temperaturerange minus 40 degrees celsius to plus 71 degrees celsius; distance across flats 0.489 in. Min and 0.500 in. Max;
distance across corners 0.557 in. Min and 0.577 in. Max

Material:

Steel stud

Material Specification:

Qq-a-250/11, alloy 6061, t6 federal specification single material response base plate

Surface Treatment:

Cadmium stud

Surface Treatment Specification:

Qq-p-416, type 2, class 3 federal specification single treatment response stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0
