Cross Sectional Shape:

Flat w/open center

Width:

17.930 inches

Edge Shape:

Rectangle, no holes

Length:

40.060 inches

Body Thickness:

1.000 inches

Securing Device Type:

Hinge

End Application:

Ground support equipment f-18 aircraft

Features Provided:

Observation facility

Material:

Aluminum alloy

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
