Cross Sectional Shape:

Flat

Width:

53.250 inches

Edge Shape:

Rectangle, no holes

Length:

18.880 inches

Body Thickness:

0.960 inches

Securing Device Type:

Hinge

End Application:

P/n 8772751; nsu-l75

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
