Inside Diameter:

0.656 inches

Unable To Decode:

Unable to decode and unable to decode

Major Outside Diameter:

2.900 inches

Special Features:

Item made in 2 mathced sections

Height:

5.040 inches

Material:

Steel washer

Material Specification:

Astm a513, comp 1+26, type 5 assn standard single material response bushing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0
