## NSN 5342-01-361-2565

Corrosion Preventive Anode - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5342-01-361-2565 Width: Between 1.130 inches and 1.250 inches Thickness: 0.400 inches Length: 2.500 inches **Mounting Hole Quantity: Core Diameter:** 0.397 inches Core Length: Between 0.580 inches and 0.640 inches

Zinc anode

**Construction:** 

Solid

**Style Designator:** 

Square with pipe core

**Material And Location:** 

Weight:

4.5 ounces

Shelf Life:

N/a

**Unit Of Measure:** 

**Demilitarization:** 

No

Fiig:

A25200

Mil-std (military Standard):

Mil-a-18001 spec.
