Cross Sectional Shape:

Flat

Width:

1.4400 inches

Edge Shape:

Band type

Length:

2.1850 inches

Body Thickness:

0.1250 inches

Securing Device Type:

Special

Special Features:

There is a pin, hinge per part number 155-300244-00

Material:

Plastic polycarbonate

Material Specification:

General electric lexan 920, caged 24446 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
