Cross Sectional Shape:

Flat

Width:

13.620 inches

Edge Shape:

Oval, one holes

Length:

19.250 inches

Body Thickness:

0.190 inches

End Application:

NSN1-73-001-2694

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 ty ii cl 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0

Mil-std (military Standard):

Mil-a-8625 spec.
