Overall Width:

0.6875 inches

Overall Length:

2.0000 inches

End Application:

Used on aircraft carrier cvan 71, hatches, ballistic-aircraft electric servicing stations flight dk-arr and det.

Usage Design:

Right-hand

Mounting Method:

Unthreaded mounting holes

Overall Height:

0.5000 inches

Special Features:

Material specification as per astm b150 alloy 630

Material:

Copper alloy

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511r0
