Mounting Hole Quantity:

2

Mounting Method:

Bolt

End Application:

Misc parts outfit

Construction:

Solid

Product Name:

Anode, corrosion preventive

Special Features:

Conforms to mil-j-45208a; cor; galvanized steel insert with holes for bolt-on installation; material; aluminum

Weight:

50.0 grams

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
