Thread Direction:

Right-hand

Mounting Hole Quantity:

1

Mounting Method:

Threaded plug

Insert Quantity:

1

End Application:

Rcr for navss

Thread Length:

0.500 inches

Material And Location:

Steel anode

Construction:

Solid

Product Name:

Anode

Special Features:

Anode material must be low voltage alloy steel to be astm a36 or bs en 10016/10025 welding per aws d1.1 or bs en 288

Thread Size And Series/type Designator:

13 unc

Weight:

5.1 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
