Mounting Hole Quantity:

2

Mounting Method:

Bolt

End Application:

Rcr for navss

Material And Location:

Steel anode

Construction:

Solid

Product Name:

Anode

Special Features:

Measurments in inches; length; 12.000, width; 6.000, thickness; 1.500, distance between mounting holes; 6.000, hole dia; 0.63; hull slab steel core type lhc-12 with countersink

Weight:

9.6 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
