Width:

2.000 inches

Thickness:

2.000 inches

Length:

7.500 inches

End Application:

Rcr navss

Core Diameter:

0.620 inches

Core Length:

12.000 inches

Material And Location:

Steel core

Construction:

Solid

Product Name:

Anode

Special Features:

Material; low voltage alloy only

Weight:

2.9 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
