Width:

6.000 inches

Thickness:

1.000 inches

Length:

6.000 inches

End Application:

Rcr for navss

Material And Location:

Steel core

Construction:

Solid

Product Name:

Anode

Special Features:

Material; low voltage alloy only

Weight:

3.2 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
