Width:

24.000 inches

Thickness:

1.000 inches

Length:

48.000 inches

End Application:

Rcr for navss

Construction:

Solid

Product Name:

Anode

Special Features:

Plate shape no core, type apn or lpn; lettering on exposed face use lpn vice apn for low voltage alloy

Weight:

104.9 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
