Width:

6.000 inches

Thickness:

2.500 inches

Length:

12.000 inches

End Application:

Rcr for navss

Material And Location:

Steel, astm a36 anode

Construction:

Solid

Product Name:

Anode

Special Features:

Hull slab steel straps 2.50 inches thick type lhs-20

Weight:

17.2 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200
