**Overall Length:**

1.320 inches

**End Application:**

F-16 aircraft

**Product Name:**

Fairlead, support, wiring and coax

**Special Features:**

Item is a half circle, outside radius is 0.610 inside radius is 0.334 has a 0.875 radius head .11 thick, end opposit of the head has a 0.056 wide grove 0.019 up from the end, item is made from p6102-3 or p5085-1s-32

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03100
