Overall Length:

1.320 inches

End Application:

F-16 aircraft

Product Name:

Fairlead, support, wiring and coax

Special Features:

Item is a half circle, outside radius is 0.610 inside radius is 0.334 has a 0.875 radius head .11 thick, end opposit of the head has a 0.056 wide grove 0.019 up from the end, item is made from p6102-3 or p5085-1s-32

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
