Plate Thickness:

0.250 inches

End Application:

2350-01-506-0132

Plate Length:

5.700 inches

Pin Accommodation Diameter:

Between 0.373 inches and 0.377 inches

Product Name:

Release pin, lh

Special Features:

2510-01-586-7437

Material:

Steel receptacle plate or steel comp 1018 receptacle plate

Material Specification:

Astm a36 assn standard single material response receptacle plate

Surface Treatment:

Paint receptacle plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
