Width:

139.1 millimeters

Length:

367.0 millimeters

End Application:

6115-01-561-7455 generator set, diesel engine

Product Name:

Door, access output box 5kw, 10kw

Material:

Plastic

Material Specification:

Astm d788-06, color clear assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
