## Width:

139.1 millimeters

## Length:

367.0 millimeters

# **End Application:**

6115-01-561-7455 generator set, diesel engine

## **Product Name:**

Door, access output box 5kw, 10kw

#### Material:

Plastic

#### Material Specification:

Astm d788-06, color clear assn standard single material response

#### Shelf Life:

N/a

## Unit Of Measure:

---

## Demilitarization:

No

## Fiig:

A531n0
