Diameter:

5.0 inches

Abrasive Material:

Ceramic

Backing Material:

Fiber

Backing Abrasive Coating Type:

Closed

Maximum Speed Rating In Rpm:

12000.0

Special Features:

Diameter: 5 inches x 7/8 inch center hole; grade: 36; for metalworking applications as weld grinding, beveling, and deburring

Supplementary Features:

For metal working applications such as weld grinding, beveling, and deburring.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06900
