Usage Design:

Glass working

Abrasive Material:

Slag

Screen Grit Size Designator:

320

Compound Weight:

4 ounces

Abrasive Lubricant Type:

Grease hydrocarbon base

Special Features:

Unit pkg type, can

Specification Or Standard:

I type and grit 320

Departure From Cited Designator:

As modified by screen grit size designator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06900
