**Usage Design:**

Metal working

**Abrasive Material:**

Silicon carbide

**Compound Weight:**

3 ounces

**Abrasive Lubricant Type:**

Water

**Special Features:**

Odorless; color - grey; water base; non-corrosive, non-toxic, non-flammable; multipurpose; gelling agent; storage - cool, dry location; removes burrs, surface defects and corrosion; container - tube; grit size varies from (120 to 220) depends on the water amount; physical form - paste

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A06900
