Lapping And Grinding Compound - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5350-01-010-7007

Usage Design:
Metal working
Abrasive Material:
Silicon carbide
Compound Weight:
3 ounces
Abrasive Lubricant Type:
Water
Special Features:
Odorless; color - grey; water base; non-corrosive, non-toxic, non-flammable; multipurpose; gelling agent; storage - cool, dry location; removes burrs, surface defects and corrosion; container - tube; grit size varies from (120 to 220) depends on the water amount; physical form - paste
Shelf Life:

Demilitarization:

Unit Of Measure:

No

N/a

Fiig:

A06900
