End Application:

Metal working

Physical Form:

Paste

Product Name:

Silicon carbide lapping paste

Special Features:

Petroleum grease mix; 1 pound can; 6a extra fine; 1000 grit; grain size-5 microns; does not usually produce a polished surface, produces a flat surface; best lubrication qualities and have a rust-preventive surface on lapped parts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06900
