Width:

0.375 inches

Outside Diameter:

1.850 inches

Material Thickness:

0.062 inches

Scale Direction And Range:

0 to 90 clockwise single scale

Scale Division Quantity:

100 single scale

Scale Type:

Linear single scale

Special Features:

Marked degree, 0.375 in. Diameter center hole; attachment method: fitted to mandrel

Material:

Aluminum alloy dial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A53010
