**Attachment Method:**

Threaded holes

**Item Accommodated Maximum Diameter:**

0.375 inches

**Locking Adjustment Type:**

Friction knob

**Special Features:**

Bushing federal specification qq-b-613; insert military specification l-m-17091; knob federal specification l-m-525, type 3 or l-p-349, type 3, class h2

**Material:**

Copper alloy 230 or copper alloy 240 or copper alloy 260 or copper alloy 268 or copper alloy 342 or copper alloy 353 and plastic

**Surface Treatment:**

Nickel

**Style Designator:**

Locknut

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530v0

**Mil-std (military Standard):**

spec.
