Attachment Method:

Threaded holes

Accommodated Shaft Diameter:

Between 0.248 inches and 0.251 inches

Material:

Copper alloy

Surface Treatment:

Nickel

Style Designator:

Hexagon

Reference Number Differentiating Characteristics:

Mil-q-21549b-sp24-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530w0

Mil-std (military Standard):

Mil-q-21549 spec.
