Width:

2.000 inches

Material Thickness:

0.062 inches

Length:

0.560 inches

Attachment Method:

Countersunk holes

Mounting Hole Diameter:

0.140 inches

Mounting Hole Quantity:

2

Scale Direction And Range:

B0 to 20 clockwise single scale

Scale Division Quantity:

20 single scale

Scale Type:

Linear single scale

Special Features:

Mounting holes slotted 0.140 in. W

Height:

0.400 inches

Material:

Aluminum alloy 2024 dial

Surface Treatment:

Anodize dial

Style Designator:

Offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A53010
