Attachment Method:

Hole

Scale Direction And Range:

2.8 to 6.4 clockwise second scale

Scale Division Quantity:

10 second scale

Scale Type:

Linear all scales

Special Features:

0.438 in diameter center hole

Material:

Copper alloy dial

Surface Treatment:

Enamel dial and lacquer dial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530I0
