Width:

0.550 inches

Material Thickness:

0.125 inches

Length:

1.490 inches

End Application:

Telescope, panoramic p/n 7660412

Material Transparency:

Clear

Special Features:

Magnesium fluoride coated to reduce reflection

Material:

Glass plate

Style Designator:

Rectangular w/radius corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530r0
