**Accommodated Shaft Diameter:**

0.125 inches

**Special Features:**

Surface treatment document and classification federal specification qq-n-290; attachment method, shaft

**Material:**

Copper alloy 360

**Surface Treatment:**

Nickel

**Style Designator:**

Hexagon

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530w0
