**Special Features:**

The longest dimension of the slots are perpendicular to the scale markings; the length of the scale is 21.75 millimeters, 22.25 ; the width is 5.80 millimeters, width is 6.00 millimeters; the length of both slots is 6.90 millimeters, the length of both slots is 7.1 millimeters; the thickness is 0.76 millimeters, the thickness is 0.84 millimeters

**Material:**

Steel dial

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A53010
