Inside Diameter:

0.250 inches

Overall Depth:

0.310 inches

Gripping Surface Condition:

Smooth

Shaft Accommodation Style:

Round

Attachment Method:

Center hole

Overall Thickness:

0.620 inches

Width Across Flats:

1.125 inches

Special Features:

Surface treatment is passivate, fed specification qq-p-35

Material:

Stainless steel

Style Designator:

Hexagon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530m0
