Width:

6.35 millimeters

Length:

0.040 millimeters

Attachment Method:

Machine screw

Features Provided:

Rohs directive compliance

Screw Drive Type:

Hexagon socket

Thread Size:

4.0 millimeters stud

Product Name:

Folding (infinte position)handle

Special Features:

Panel thickness: 8.5 inch; mounting hardware: 2 hex nuts, 2 lockwash

Material:

Aluminum

Surface Treatment:

Anodize

Style Designator:

Bar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530m0
