Inside Diameter:

0.145 inches

End Style:

Straight bend end (right) second end

Spring Free Length:

0.220 inches

Coil Quantity:

4

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.240 inches

End Length:

0.550 inches first end

End Length From First Bend To Second Bend Or End:

0.220 inches second end

Material:

Steel comp 302 or steel comp 304 or steel comp 316

Material Specification:

Qq-w-423, form 1, cond b federal specification all material responses

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
